

SCHOLARION ACADEMY

Applied AI Leadership Bundle: Generative and Agentic AI for Organizational Transformation

DRAFT — NOT OPEN FOR ENROLLMENT

20 weeks total; 2 ten-week courses. Lead faculty: Dr. Martins Donbruce Idahosa. Biography pending.

No coding background required.

Fees, start dates and live schedules are unconfigured. Sandbox only; no real payments. No CEUs or employment guarantees.

Learning outcomes

Prioritize organizational opportunities using value, effort and risk evidence.

Design privacy-aware generative workflows and responsible AI-use rules.

Evaluate agent platforms, integrations and operating costs.

Specify governance, incident response and measurable pilot controls.

Defend an adoption roadmap with owners, metrics and human accountability.

Projects and final review

Agent adoption and governance plan.

Problem and assumptions: 15 points (proposed)

Artifact and reproducibility: 25 points (proposed)

Evaluation evidence: 25 points (proposed)

Human oversight and risk: 25 points (proposed)

Defense and communication: 10 points (proposed)

P13-B1 — Generative AI leadership

Ten-week course design; teaching materials require academic review.

Week 1: Set a leadership learning agenda

Produce and explain an evidence artifact for: set a leadership learning agenda.

Week 2: Challenge claims about generative systems

Produce and explain an evidence artifact for: challenge claims about generative systems.

Week 3: Build a privacy-aware prompt playbook

Produce and explain an evidence artifact for: build a privacy-aware prompt playbook.

Week 4: Map opportunities across business functions

Produce and explain an evidence artifact for: map opportunities across business functions.

Week 5: Draft accountable AI-use rules

Produce and explain an evidence artifact for: draft accountable ai-use rules.

Week 6: Assess readiness and workforce support

Produce and explain an evidence artifact for: assess readiness and workforce support.

Week 7: Compare augmentation and task redesign

Produce and explain an evidence artifact for: compare augmentation and task redesign.

Week 8: Prioritize opportunities with evidence

Produce and explain an evidence artifact for: prioritize opportunities with evidence.

Week 9: Assign owners and measurable milestones

Produce and explain an evidence artifact for: assign owners and measurable milestones.

Week 10: Defend an organizational AI strategy

Produce and explain an evidence artifact for: defend an organizational ai strategy.

P13-B2 — Agentic AI leadership

Ten-week course design; teaching materials require academic review.

Week 1: Estimate agent value and total cost

Produce and explain an evidence artifact for: estimate agent value and total cost.

Week 2: Compare platforms through a sandbox prototype

Produce and explain an evidence artifact for: compare platforms through a sandbox prototype.

Week 3: Map enterprise interfaces and approvals

Produce and explain an evidence artifact for: map enterprise interfaces and approvals.

Week 4: Prepare an agent incident response exercise

Produce and explain an evidence artifact for: prepare an agent incident response exercise.

Week 5: Select business-function agent patterns

Produce and explain an evidence artifact for: select business-function agent patterns.

Week 6: Specify a measurable pilot

Produce and explain an evidence artifact for: specify a measurable pilot.

Week 7: Test safety and operational boundaries

Produce and explain an evidence artifact for: test safety and operational boundaries.

Week 8: Design an accountable governance review

Produce and explain an evidence artifact for: design an accountable governance review.

Week 9: Plan adoption and evaluate value

Produce and explain an evidence artifact for: plan adoption and evaluate value.

Week 10: Defend responsible agent adoption

Produce and explain an evidence artifact for: defend responsible agent adoption.

Delivery and release status

Retain #9; proposed mapping from #13 course 2 requires academic approval. No automatic credit and no retirement.

Certificate: Scholarion Academy Certificate of Completion. Badge issuance remains disabled pending approved completion rules.

Learning hours: pending confirmation

Tool versions, educational licenses and faculty support capacity are unverified. No third-party affiliation or endorsement is implied. Use synthetic or licensed data only.

Complete original lessons, slide scripts and licensed readings

Executable starter and instructor notebooks with synthetic data cards

Validated quizzes, assignments and scoring policies

Confirmed tool versions and educational licenses

Faculty biography, delivery schedule and support capacity

Approved finance, completion and academic publication configuration

Contact the Academy through local Support. Advisor scheduling, financing, refunds and cohort deadlines require configuration. This brochure is generated from the same design data as the program preview.
